

# Immigration Process in Ireland

**Understand the workings of the Irish immigration system, the basic rights held by migrants in Ireland, and understand the challenges facing migrants in accessing employment, public services and other barriers to successful integration.**

Our specialised training breaks down the complexities of the Irish immigration system into easy to understand elements, presenting participants with an understanding of the different pathways through which migrants come to Ireland, their rights and entitlements while living, working and studying here, and tips on working with State immigration service delivery bodies.

This training is suited for services and organisations with frontline staff interacting with or providing services to migrant community members, Citizens' Information Centres, legal services and law firms, and NGOs and non-profit organisations focusing on migrant and refugee issues.

## Topics include:

- Overview of process of immigrating to Ireland
- Permission to enter the country
- Pathways to Irish citizenship
- Family reunification process
- Visa applications and residence stamps
- Registration requirements for migrants
- International protection overview
- EU Treaty Rights and Brexit

## Working for equality

### About the Immigrant Council of Ireland

The Immigrant Council of Ireland is an independent human rights organisation. It advocates for the rights of immigrants and their families, and acts as a catalyst for public debate and policy change. It works with and for immigrants, promoting their rights through information, legal advice, advocacy, campaigning and research, as well as providing training. The Immigrant Council believes immigration is a permanent and positive reality in Ireland and continues to lobby for integrated, transparent, rights-based immigration and integration legislation and policies which reflect this reality.
